

# Angler Fish

Have you ever seen a fish that goes fishing for fish? A strange "thing" grows out of the Angler Fish's head, and our friend sits on the bottom of the ocean and uses this "thing" as bait to attract the attention of other fish.

When the fishing fish's meal comes close enough...it is gobbled up with lightning speed.

Isn't it great that God made a "fishing fish" to show us his power and creative genius.

*“For since the creation of the world God’s invisible qualities— his eternal power and divine nature— have been clearly seen, being understood from what has been made, so that men are without excuse.”*

(Romans 1:20)
